

THE REVERBERY

EMERGENCY KIT | *set-up*

The Reverbery's laid-back vibe offers the flexibility to compose your event, your way. Whether you've got vendors coming in or you're orchestrating the shindig yourself, getting an event set-up can often require items that may not be readily on hand. By keeping an emergency set-up kit, you'll be prepared for the majority of pre-party projects, eliminating any last minute panics.
